## Introducing the New Discovery Collection

Four fun ways to brighten up your young patients' lives.

Discovery Collection

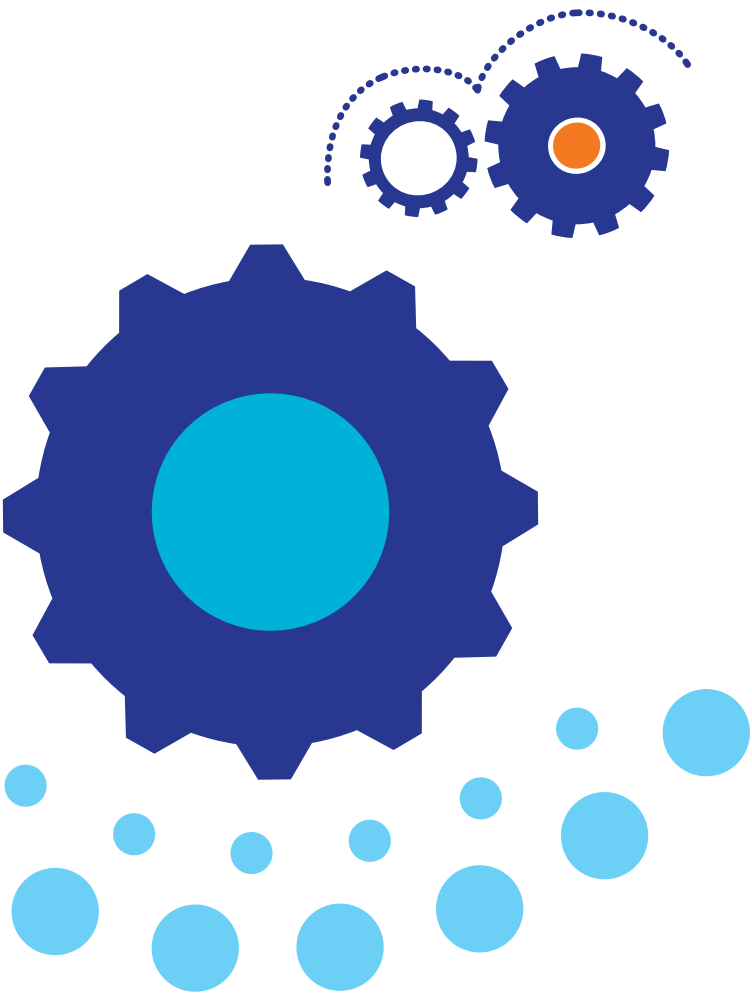

Kids want to be kids.

That’s sometimes hard to do when they are in a healthcare setting, which can be scary and strange. Because we believe that everyone should feel safe and comfortable in their healthcare environment, we have developed a new line of pediatric apparel items to bring some familiarity back to their setting and allowing them to relax and focus on being themselves.

Introducing the Discovery Collection of pediatric apparel – four fun prints in a variety of gowns, pajama tops and coordinating pajama pants. From Northern Lights shining bright to Raining Cats and Dogs, the new Discovery collection was designed for kids...and their caregivers

As most of us know, children have the most extraordinary imaginations and sometimes they run wild - wild with thoughts of guardians of the stars, or summer showers that can rain cats and dogs. The new pediatric line was created with that in mind so that they could continue to let their imaginations explore and keep them company through their visit or stay.

These 4 prints were selected by our in-house designer, Denise Formisano, with children in mind. The Comfort Knit fabrication was carefully selected to be very comfortable while still performing to hospital and institutional laundry standards.

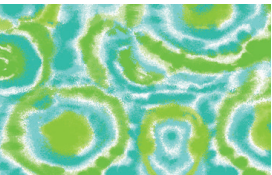

Uncover All That The Discovery Collection Offers

- The 100% Comfort Knit construction is super comfortable and breathable for the wearer.
- The Discovery Collection gowns and PJs were designed for ages 1 up through 12 years. The easy color coordination within the set and with the solid color PJ Pants allows the caregiver to easily grab the correct size.
- The vibrant colors in the prints are colorfast, design to look fresh over their lifetime.
- The polyester construction is durable for longevity, and also allows for faster drying time in the laundry.
